## "See Why."

Why are we considered one of the best roofing contractors in town? Here's why:

"I have worked with Northside Building Services since they opened... The service is exceptional, but best of all they communicate with you. I know when I call to have leaks repaired, it will be done in a timely matter; I don't have to follow-up. To me, that is what makes Northside Building Services better than the rest."

Lynn Brincks,  
Watt Centro Management
